

## **Expert.ai Honored with Two Stevie® Awards in 2021 American Business Awards®**

*Named Silver Stevie winner in the Product Developer of the Year category and Bronze Stevie winner for the Most Valuable Technical Innovation*

Expert.ai was named the winner of a Silver Stevie® in the Product Developer of the Year category and a Bronze Stevie® in the Most Valuable Technical Innovation at the 19<sup>th</sup> Annual American Business Awards®.

The American Business Awards are the U.S.A.'s premier business awards program. All organizations operating in the U.S.A. are eligible to submit nominations – public and private, for-profit and non-profit, large and small.

More than 3,800 nominations – a record number - from organizations in virtually every industry were submitted this year for consideration in a wide range of categories. More than 250 professionals worldwide participated in the judging process to select this year's Stevie Award winners.

*"The American economy continues to show its resilience, and as we're poised on the beginning of what should be a phenomenal period of growth, we celebrate the remarkable achievements of a wide range of organizations and people over the past 18 months," said **Stevie Awards president Maggie Gallagher**. "This year's Stevie-winning nominations in The American Business Awards are testament to the ingenuity, the commitment, the passion, the adaptability, and the creativity of the American people. We look forward to celebrating this year's winners during our virtual ceremony on June 30."*

**Silver Stevie® in the Product Developer of the Year category**

Expert.ai was named silver winner in the Product Developer of the Year category honoring product development engineers. **Andrea Belli, Head of R&D** at **expert.ai**, has been recognized for his valuable contribution to expert.ai's core artificial intelligence (AI) platform as well as the idea that became the expert.ai natural language (NL) API. The **expert.ai NL API** provides advanced artificial intelligence features that help developers reduce time and effort when developing enterprise Natural Language projects.

### **Bronze Stevie® in the Most Valuable Technical Innovation**

Expert.ai was named the bronze winner for Most Valuable Tech Innovation, which recognizes efforts in response to COVID-19. Expert.ai provided free access to its AI-based solutions for Life Science and Pharma to frontline researchers around the world to support and accelerate scientific research, diagnosis and testing in the wake of the COVID-19 pandemic.

Expert.ai solutions for Life Sciences and Pharma are based on more than 20 years of natural language and text analytics experience. Through centralized platform that specializes in associating similar content, linking concepts, de-duplicating information and semantically revealing hidden connections across various sources, research teams are able to access the most accurate and up-to-date information by disambiguating across mountains of content from diverse sources.

*"We are honored for the prestigious recognition that we have received from the Stevie Award judges," said **Keith C. Lincoln, expert.ai CMO**. "They recognize our strong contributions in the AI field, exceeding the industry standard, and our NLU/NLP solutions delivering value through the ability to automate complex processes by combining a high degree of accuracy with lower, more predictable implementation costs."*
